CUSTOMISED WALL DECORATION

TIME FOR A CHANGE OF SCENE

varitess®

INSPIRING WALLPAPER IDEAS

varitess® is the ultimate in digitally printable wall decorations and wallpapers – and thanks to its innovative nonwoven wallpaper technology and outstanding properties, it has been the leading brand on the wallpaper market for over 20 years. Take advantage of digital printing techniques to create imaginative unique pieces or convincing series that are bound to impress, not only in their look and feel but also in their finish and durability. With varitess®, you get high-quality wall coverings for use in both domestic and commercial areas with the best wallpapering properties such as a simple and rapid wall-pasting technique, for example. varitess® is a wetlaid nonwoven “Made in Germany”, manufactured on an inclined-wire paper machine using high purity pulps and synthetic fibres. varitess® is available in many different surface finishes and roll widths with certifications such as FSC® or Oeko-Tex® Standard 100 on request.

MATERIAL TO MEET THE HIGHEST STANDARDS:

- ✓ matt, silk-matt, glossy, structured
- ✓ all roll widths up to max. 260 cm
- ✓ surface weights from 30 to 250 g/m²
- ✓ high volume
- ✓ high strengths (wet and dry)
- ✓ good lightfastness
- ✓ free of glass fibres & PVC
- ✓ air-permeable thanks to incorporated fibres: for a good indoor climate, prevents the formation of mould
- ✓ RAL-GZ 479
- ✓ optional FSC® / Oeko-Tex® Standard 100 certification

NUMEROUS APPLICATIONS:

- ✓ offices & business premises
- ✓ shops & shopping centres
- ✓ cafés, hotels, restaurants, bars
- ✓ shop-fitting and stage construction
- ✓ airports
- ✓ stadiums
- ✓ hospitals
- ✓ staircases & hallways
- ✓ wall tattoos
- ✓ living rooms

SIMPLE (FURTHER) PROCESSING:

- ✓ digitally printable
- ✓ versatile and stable when it comes to finishing options: lamination, embossing and coating possible
- ✓ wall-pasting technique offers speed advantage: rapid wallpapering without pasting table thanks to dimensional stability
- ✓ dry strippable (depending on surface, type of paste and processing)
- ✓ covers minor imperfections on the wall's surface

VARITESS® IS MUCH MORE THAN JUST WALLPAPER:

- ✓ subfloor for flexible floor coverings
- ✓ acoustic ceilings & ceiling tiles
- ✓ base material for functional or decorative coatings
- ✓ packaging for scratch-sensitive surfaces
- ✓ climate-proof protective packaging (e.g. for damp locations or tropical regions)
- ✓ special cores
- ✓ resin impregnation in the wood-based materials industry
- ✓ nonwoven liners

NATURALLY INNOVATIVE

Lahnpaper is one of the world's leading manufacturers of high-quality fibre products with over 100 years of experience in the development, production and further processing of nonwovens and special papers. Lahnpaper is part of the Kajo Neukirchen Group.

The company employs around 170 staff whose aim is to offer customers and partners genuine added value. This particularly applies to the development of exceptional customer solutions which are implemented successfully and efficiently thanks to state-of-the-art technology and experienced professionals. In production, great importance is attached to the sustainable and environmentally friendly use of resources such as raw materials, water and energy.

Numerous Lahnpaper products are available with the FSC® or Oeko-Tex® Standard 100 certifications. Lahnpaper is also certified in accordance with DIN EN ISO 14001 (environment management), DIN EN ISO 50001 (energy management) and DIN EN ISO 9001 (quality management).
