

NATURALLY INNOVATIVE

Lahnpaper is a quality-driven market leader in the international market for fibre products, looking back on over 100 years of experience in the development, production and further processing of nonwovens and special paper. Lahnpaper is part of the Kajo Neukirchen Group. Around 170 employees strive to offer our customers and partners genuine added value. This applies particularly also to exceptional customer solutions that are successfully and efficiently implemented thanks to state-of-the-art technology and experienced experts.

When it comes to production, our company attaches a great deal of importance to the sustainable and environmentally friendly use of resources such as raw material, water, and energy. Numerous Lahnpaper products are available with the FSC® or STANDARD 100 by Oeko-Tex® certifications. In addition, Lahnpaper is certified according to DIN EN ISO 14001 (environmental management), DIN EN ISO 50001 (energy management) as well as DIN EN ISO 9001 (quality management).

SPECIAL NONWOVENS FOR SPECIAL IDEAS

We are the company that makes things happen in the international market for fibre products. Based in Lahnstein/ Germany, we have, for more than 100 years, been developing, producing, and processing nonwovens and special papers for many different fields of application. To be able to do justice to the multitudinous requirements of our customers we develop special customised nonwovens, for example as a base for textile wallpapers and flocking.

Does the customer want a particularly fibrous structure or textile haptics? Should the wall covering be particularly thin or particularly voluminous? Should the wallpaper be water-repellent or absorbent? Why not talk to us about your challenge? We shall find a convincing solution for you!

varitess® SPECIALS OVERVIEW

	Products	Grammage in g/m ² DIN EN ISO 536	Thickness in µm DIN EN ISO 534	Wet expansion cross direction in % PA00379 as per Fenchel	Special feature
Premium	varitess® 949.142	142	410	0,1	fibrous structure
	varitess® 941.130	130	330	0,1	great dimensional stability
	varitess® 964.100	100	205	0,1	high opacity
	varitess® 208.075	75	220	0,1	high tear resistance
	varitess® 934.055	55	200	0,1	high strength, hydrophobic
	varitess® 935.052	52	190	0,1	high strength, hydrophilic
